

Appendix A

Security Fundamentals: Exam 98-367

OBJECTIVE DOMAIN	SKILL NUMBER	LESSON NUMBER
Understanding Security Layers		
Understand core security principles.	1.1	1
Understand physical security.	1.2	1
Understand Internet security.	1.3	5
Understand wireless security.	1.4	4
Understanding Operating System Security		
Understand user authentication.	2.1	2
Understand permissions.	2.2	2
Understand password policies.	2.3	3
Understand audit policies.	2.4	2
Understand encryption.	2.5	2
Understand malware.	2.6	5
Understanding Network Security		
Understand dedicated firewalls.	3.1	4
Understand Network Access Protection (NAP).	3.2	4
Understand network isolation.	3.3	4
Understand protocol security.	3.4	4
Understanding Security Software		
Understand client protection.	4.1	5
Understand email protection.	4.2	5
Understand server protection.	4.3	5
